Summary

ASEP Resolution AN No. 22125-Elec (24 Sept 2026) grants EL COCO ENERGY, S.A. a 12-month provisional licence to build and operate a 140.25 MWac / 154.27 MWdc photovoltaic plant in El Coco, Penonomé district, Coclé province. Not in Chiriquí; regulatory notice only.

Full text (English)

Republic of Panama – National Authority of Public Services. Resolution AN No. 22125-Elec, Panama, 24 September 2026: "Granting a Provisional Licence to the company EL COCO ENERGY, S.A. for the construction and operation of a photovoltaic generation project named EL COCO ENERGY." The company applied with documentation received 7 January, 10 April, 20 May and 4 September 2026 for a plant to be located in the corregimiento of El Coco, district of Penonomé, province of Coclé, with installed capacity of 140.25 MWac at inverter output (425 inverters of 330 kWac) and 154.27 MWdc with 244,868 photovoltaic modules of 630 Wdc. Connection is proposed to the Santa Cruz Solar substation at 34.5 kV; a bond of B/.14,000 was posted. FIRST: The provisional licence is granted (Registry No. 873), valid twelve months from notification, non-transferable, and does not authorise construction or operation. SECOND: The company must submit within twelve months surveyed plans, easement plans, SIN connection details, land-use certification, Ministry of Environment approval of the Environmental Impact Study, connection viability and construction bond information. THIRD: Quarterly progress reports required. FOURTH: Failure to comply may lead to cancellation of the licence. FIFTH-SEVENTH: The company must comply with applicable law; the resolution is communicated to the Ministry of Environment, Generadora Solar Santa Cruz, S.A. and ETESA, and admits only a motion for reconsideration within five working days. Signed Zelmar Rodríguez de Massiah, General Administrator.
