Summary

Naturgy says that following the strong earthquake, electricity supply remains affected in parts of Azuero, Veraguas (including Atalaya and the south of the province) and Puerto Armuelles in Chiriqui. Crews are in the field restoring service; report damage to 800-8346.

Full text (English)

Statement, Panama, Friday 9 October 2026. We inform our customers that, as a result of the strong earthquake recorded in Panama, there are still disruptions to the electricity supply in sectors of Azuero, Veraguas including Atalaya and the south of the province, and Puerto Armuelles in Chiriqui. Our crews are already in the affected areas, attending to reports of damage and working to restore power as quickly as possible. We thank the public for their cooperation in allowing our crews access to the affected areas so they can reach all points needing attention. To report damage or electricity supply problems, call our telephone line 800-8346.
