Summary

MOP/BG Company detour diagram for the closure of Avenida Central at Quebrada San Cristóbal in Bajo Boquete while Bridge 7 is built. Avenida Centenario carries traffic out of town and Avenida Belisario Porras carries traffic in; the Bailey bridge links to Jaramillo and the centre.

Full text (English)

Traffic detour - Construction of Bridge 7, Quebrada San Cristóbal, Bajo Boquete. Avenida Central: section closed. Normal circulation continues in the upper sector. Bridge 7 under construction - no passage; 'Road closed, do not pass' signs at the approaches on Avenida Central near Calle 12A Sur and near La Casa de las Baterías. Red arrows show the exit route from town (via Avenida Centenario), blue arrows the entry route into town (via Avenida Belisario Porras and the side streets Calle 10A, 11A, 12A and 13A Sur, past Rey and Terpel). The Bailey bridge at the lower end connects toward Jaramillo and the town centre. Follow the arrows and the signage on site. (Ministry of Public Works / BG Company; schematic, not to scale.)
