Summary

IDAAN says its teams are monitoring every plant and well in all provinces, delivering water by tanker truck to hospitals and health centres, and supporting the emergency operations centres.

Full text (English)

☐☐☐ At IDAAN we are working tirelessly to be where Panamá needs us. Our teams are watching over every plant and well in all provinces, taking water by tanker truck to hospitals and health centres, and providing logistical support in coordination with the COEs and the Ministry of Government. Heartfelt thanks to every colleague still at their post, working with commitment and a vocation of service to help thousands of Panamanians.
