Statement, Panama, Saturday 10 October 2026. We inform our customers that, following the strong earthquake in Panama, we keep more than 190 crews with over 400 workers deployed to address damage to the electricity network and restore supply in the affected areas. So far, supply has been restored to 97% of the customers whose service was interrupted by the quake. However, some communities are still affected, where our teams continue working to recover service. Work is currently concentrated mainly in: Veraguas: Mariato, Canto del Llano, San Martín de Porres, Soná and Atalaya; Coclé: Río Hato and Antón; Panamá Oeste: El Higo, San Carlos and Guadalupe; Los Santos: Santa Ana, Tonosí, Flores and Pedasí; Chiriquí: David Este, Las Lomas, Divalá and Los Algarrobos. Our teams continue attending damage reports and restoring service as safety conditions allow. In some areas access problems caused by quake damage have hindered crews. As a precaution, stay away from fallen or downed power cables, avoid any contact with them and report them immediately through our channels. To report damage or supply problems, call 800-8346.

Comunicado: tras el fuerte sismo registrado en Panamá, mantenemos desplegadas más de 190 brigadas. Informamos a nuestros clientes que, tras el fuerte sismo registrado en Panamá, mantenemos desplegadas más de 190 brigadas con más de 400 trabajadores para atender los daños en la red eléctrica y restablecer el suministro en las zonas afectadas. Hasta el momento, se ha logrado restablecer el suministro eléctrico al 97% de los clientes cuyo servicio se vio interrumpido a consecuencia del sismo. No obstante, aún se mantienen afectaciones en varias comunidades del país, donde nuestros equipos continúan realizando labores para recuperar el servicio. @tvnnoticias @EstrellaOnline @criticaenlinea @MiDiarioPanama @DiaaDiaPa @traficocpanama @traficocpanama @TraficologoO @LaVozDeVeraguas @gobdeveraguas @PanamaOeste
