Summary

Naturgy says supply has been fully restored in Mariato, Torio, Quebro, Cañas and Tonosí after the earthquake, with more than 190 crews and 400 workers still working mainly in Azuero (Guánico, Búcaro, Isla Cañas, Cambutal) and spot repairs in Veraguas, Coclé, Los Santos and Herrera.

Full text (English)

Statement, Panama, Monday 12 October 2026: Following the damage caused by the strong earthquake and its aftershocks, electricity supply has been fully restored in the sectors of Mariato, Torio, Quebro, Cañas and Tonosí. As part of the response and recovery work, more than 190 brigades and 400 workers remain deployed and continue working to restore supply in sectors still affected, mainly Guánico, Búcaro, Isla Cañas and Cambutal in the Azuero region. Recovery work also continues for localised problems in Soná, San Martín de Porres and Santiago (Veraguas); Las Delicias, Pueblo Nuevo, Sonadora and Río Hato (Coclé); and Las Tablas, La Villa de Los Santos, Santa Ana, Macaracas and Pedasí (Los Santos) and Océ (Herrera). We remind the public to stay away from fallen power lines, damaged poles and any damaged electrical infrastructure. We will continue working until supply is restored to all affected customers, always prioritising the safety of our workers and communities. To report damage or supply problems, call 800-8346.

Informamos a nuestros clientes que, tras las afectaciones ocasionadas por el fuerte sismo registrado en el país y sus posteriores réplicas, se ha logrado restablecer en su totalidad el suministro eléctrico en los sectores de Mariato, Torio, Quebro, Cañas y Tonosí. Como parte de las labores de atención y recuperación, mantenemos desplegadas más de 190 brigadas y 400 trabajadores, que continúan trabajando para restablecer el suministro eléctrico en los sectores que aún presentan afectaciones, principalmente en Guánico, Búcaro, Isla Cañas y Cambutal, en la región de Azuero. @tvnnoticias @TReporta @criticaenlinea @MiDiarioPanama @DiaaDiaPa @traficocpanama @EstrellaOnline
