Summary

SINAPROC announced on 10 October that all pre-drill activities and the Third National Evacuation Drill scheduled for Monday 12 October at 10:00 a.m. are suspended until further notice because of the recent earthquake.

Details (summary of the article)

Panama, 10 October 2026 – The National Civil Protection System (SINAPROC) informs the public, public and private institutions, schools, local governments and other participating organizations that, due to the recent earthquake in Panama, all activities prior to the III National Drill are suspended until further notice, as well as the evacuation exercise scheduled for Monday 12 October 2026 at 10:00 a.m. This decision responds to the need to prioritize public safety and keep attention on monitoring, assessing possible damage and response actions following the seismic situation in the country. SINAPROC thanks all entities, organizations and people who joined the preparations for this national disaster risk reduction initiative. All activities are suspended until further notice. Any update will be communicated through SINAPROC's official channels. We remind the public to stay calm, follow the authorities' recommendations and keep informed through official sources.
