Summary

SINAPROC/IMHPA forecast moderate to heavy rain with thunderstorms on the afternoon and night of Sunday 25 October, with greatest caution urged in Chiriquí, Veraguas, Azuero and the metropolitan region.

Full text (English)

IMHPA forecasts downpours and storms in the country. IMHPA expects moderate to heavy rain with thunderstorms during the afternoon and night in different regions of Panama, with greater caution in Chiriquí, Veraguas, Azuero and the metropolitan region. SINAPROC recommends avoiding crossing swollen rivers and streams, staying away from flood- and landslide-prone areas, and following the authorities' advisories. Prevention is everyone's task. Sunday, 25 October 2026.
