Summary

SINAPROC keeps a nationwide windy-conditions advisory in force until 29 October 2026, with sustained winds of 20-35 km/h and gusts near 50 km/h, possibly higher in the Cordillera Central (Chiriquí highlands).

Details (summary of the article)

SINAPROC reports that a preventive advisory for windy conditions remains in force until 29 October 2026. Per IMHPA, trade winds will strengthen nationwide from the northwest, north and northeast, with sustained speeds of 20-35 km/h and gusts around 50 km/h; in the Cordillera Central gusts could reach or exceed that. The advisory covers the Caribbean and Pacific slopes and the country's maritime zones. Advice: secure roofs, metal sheeting, awnings, signs and loose objects; stay away from trees, poles, unstable structures and power lines; avoid working at heights; drive carefully in open areas where gusts can destabilise vehicles; mariners should heed authorities' warnings. Emergencies: 911 or SINAPROC Emergency Operations Centre 520-4426.
