Summary

SINAPROC extended its rain and storm advisory for much of the country from 10 p.m. on 25 October to 10 a.m. on 27 October, with 120–200 mm forecast in some areas including the Gulf of Chiriquí.

Details (summary of the article)

SINAPROC extends the prevention advisory for rain and storms across much of the country, valid from 10:00 p.m. on 25 October to 10:00 a.m. on 27 October. IMHPA forecasts rainfall totals of 120 to 200 mm in parts of the Caribbean, Darién, the eastern coast of Panama province, southern Veraguas and the Gulf of Chiriquí, with risk of flash floods, flooding and landslides. Wind gusts are possible in maritime zones. Advice: do not cross rivers, streams or flooded streets; stay away from riverbeds and landslide-prone areas; clear drains; secure roofs and loose objects; disconnect electrical equipment if water enters the home; keep an emergency backpack ready and follow authorities' instructions; move to a safe place at any sign of danger; take special care with children and the elderly. Emergencies: 911, COEN 520-4426.
