Summary

Panama's public services regulator ASEP (Resolution AN No. 22218-Elec of 23 October 2026) accepted Grupo DOE, S.A.'s withdrawal of its provisional licence for the 90 MW "La Unión Solar" photovoltaic plant planned in Progreso, Barú district, Chiriquí. The 2022 licence and its certificate are annulled and the company's B/.9,000 bond is to be returned.

Full text (English)

Republic of Panama, National Authority of Public Services. Resolution AN No. 22218-Elec of 23 October 2026: "Admitting the withdrawal presented by GRUPO DOE, S.A. of the Provisional Licence granted by Resolution AN No. 17705-Elec of 15 June 2022 and its amendments, for the construction and operation of a photovoltaic generation project called LA UNIÓN SOLAR." The project would have been located in the corregimiento of Progreso, district of Barú, province of Chiriquí, with installed capacity of 90.00 MWac (720 inverters of 125 kWac) and 113.72 MWdc with 174,960 panels of 650 Wdc each. The licence had been extended to 16 June 2026 so the company could file documents for a definitive licence; on 14 October 2026 the company formally requested withdrawal. The Authority resolves: to accept the withdrawal outright; to annul Resolution AN No. 17705-Elec of 15 June 2022 and Provisional Licence Certificate No. 529-2022; to declare the procedure concluded and order release of the documents and return of Bond No. 04-02-36942-0 with a maximum liability of B/.9,000; to communicate the resolution to the Ministry of Environment, EDECHI and ETESA; and to notify the company, which may file for reconsideration within five business days.
