Details (summary of the article)

Telemetro reported that the Desfile de las Mil Naguas, a traditional Ngäbe cultural parade held in David, was called off on Saturday 17 October. The Unión de Gestores Ngäbes said the cancellation was a gesture of solidarity with families affected by the recent earthquake. Instead of the parade, organisers set up a collection point at Parque Miguel de Cervantes Saavedra in David to gather donations for affected families in the Ngäbe-Buglé comarca. The event is one of several cultural activities in Chiriquí scaled back or cancelled after the 9 October quake.
