Summary

Metro Libre reports that athletes, clubs, coaches and sports officials across Panama have organised aid for people affected by the 9 October earthquake in the country's interior provinces.

Details (summary of the article)

Metro Libre reports that Panama's sports community - authorities, officials, fans, clubs, coaches and especially athletes - has taken on the task of helping those affected by the earthquake of 9 October. Several interior provinces were hardest hit, and sports organisations have joined collection and donation efforts. The piece highlights solidarity campaigns run through clubs and federations. No specific dates or collection points in Boquete are given.
