## Summary

DogCamp Boquete is appealing for an adoptive home for Tango, a gentle senior dog with arthritis who has been in their care since 2019. Interested people can contact Javier by WhatsApp at +507 6965-9423.

## Full text (English)

TANGO: A SECOND CHANCE FOR A HEART THAT NEVER STOPPED TRUSTING. Tango arrived at DogCamp Boquete in August 2019, a gentle, affectionate dog already suffering from arthritis but still enjoying walks, other dogs and affection. He was adopted in December 2019, but later DogCamp received a call about a dog someone was considering euthanizing because he had difficulty walking and seemed seriously ill — it was Tango. Javier collected him and took him to the vet, who confirmed his condition could be managed with medication, supplements and proper care. Since then Tango has remained under DogCamp's protection. Now, in October 2026, DogCamp hopes to find him a loving home. Adopting a senior dog with arthritis and mobility challenges takes patience, understanding and compassion; they are not looking for a perfect family, only someone who understands that animals grow old and need love most at that time. If you have room in your home and heart, contact Javier directly via WhatsApp: +507 6965-9423. Even if you cannot adopt, please share his story. — DogCamp Boquete NGO.
