DogCamp Boquete NGO says construction will soon start on Catia – BoKitty Camp by DogCamp, an expansion that will let the shelter house, care for and rehome dozens of cats and kittens alongside its dog programs. Donor Ted Hannig, who has supported DogCamp for five years, is funding the construction; in his message he recalls that founders Javier and Magaly began with cat rescue (a kitten named Catia) but lacked facilities to do for cats what they have done for dogs. He stresses this is an addition, not a reduction: the dog rescue, shelter and sterilization work continues. Sustaining the new cat program will require volunteers, supporters and donations. Supporters are asked to mark 6 February, when the 5th annual Puppy Love Party becomes the Puppy and BoKitty Love Party, with more news to come. Details at dogcampboquete.com.
