Summary

La Estrella de Panamá reports new official fuel prices, with gasoline going down nationwide.

Full text (English)

La Estrella de Panamá reports that gasoline prices in Panama are coming down, publishing the new official prices set by the authorities. The headline-only item gives no further detail on the amounts or the dates the new prices take effect; price adjustments normally apply nationwide, including Chiriquí, for the following two-week period. Residents should check the full article for the per-litre figures for 91 and 95 octane gasoline and diesel.
